Year 4 Class Newsletter

Friday 13th December 2024 – Morpurgo

English & Maths

In Maths, the children have been learning about perimeter. We have been looking at how we can use the properties of shapes to find missing lengths. We are now moving on to looking at multiplication and how we can link this to division. We will then be delving deeper into the relationship between the 3, 6 and 9 times tables.

In English, we are continuing with our book 'Oliver and the Seawigs'. We have been writing persuasive letters and balanced arguments as to whether Cliff should 'settle' or travel to the Night of the Seawigs. We will then be moving on to writing narratives using adverbials and subordinating conjunctions.

Science

In Science, we will be continuing to study 'States of Matter'. We are looking at the three states of matter; solids, liquids and gases. We will then be moving on to investigating the Water Cycle. The children will learn about how weather is affected by the water cycle.

Then we will be moving on to investigate how we can change states of matter. We will be investigating how we can change water from a solid to a liquid.

Reminders

Please ensure that children have the correct P.E. kit and school uniform.

A P.E. kit includes: white t-shirt, blue/black shorts, jogging bottoms, blue/black jumper or hoodie. All jewellery must be removed before P.E. sessions.

Please can we ensure that children are always wearing the correct school uniform, including black school shoes.

If you have any problems, please let us know.

Foundation Subjects

In PSHE lessons, we will continue to learn about 'Celebrating Differences'. Children will be learning all about what makes them special.

In History, we will continue to learn about the Stone Age.

In P.E. lessons, we will be moving on to cover gymnastics and netball.

In Art, we will be looking at using different media for effect.
